Moroccan Rose Oil Wins Finalist Award

Essence of Morocco Ltd., specialists of pure natural beauty products from Morocco, is delighted to announce its success at this year's Natural & Organic Product Europe Show 2013. The brand fought off stiff competition to become a finalist for Best New Natural Beauty & Spa Product Award with its Moroccan Rose Nourishing Body Argan Oil, runners up to Pukka Herbs Ltd, Nourishing Brightener.

A fusion of pure organic argan oil and pure Moroccan rose essential oil, Essence of Morocco 100% pure, natural and organic Moroccan Rose Nourishing Body Argan Oil, RRP £31.85 for 100ml, is the perfect product to help you achieve the wellness of body and mind.

Moroccan Rose, known for its uplifting, stress relieving and soothing properties, is one of the most expensive and sought after essential oils in the world and has a delicate, exquisite and sensual aroma.

Extracted from the finest quality, non-toasted kernels of the Moroccan argan tree, Essence of Morocco Argan Oil is one of healthiest, anti-ageing and nourishing natural skincare products. It is rich in vitamin E, omega 3, 6 and 9 and squalene (a natural moisturiser).

Argan Oil nourishes, hydrates and protects the skin, slowing down skin ageing. It neutralises free radicals, improves skin elasticity and minimises the appearance of fine lines and scars. It stimulates hair growth and prevents and mends split ends, whilst giving the hair a silky glossy look, without frizz. It has anti-inflammatory properties and can help with psoriasis, eczema and arthritis.

Both argan oil and Moroccan rose have been used by Moroccan women for centuries for their unique skincare and healing properties.

Essence of Morocco Moroccan Rose Nourishing Body Argan Oil is non-greasy and absorbs easily in the skin leaving a delicate, irresistible sensual aroma that transports you back to the valley of the roses in the foothills of the Atlas Mountains. Best applied after a bath or shower on slightly damp skin, skin is left feeling nourished, hydrated, smooth and silky. It is also perfect for a luxurious, soothing and relaxing organic massage experience.

Essence of Morocco Ltd tailors its offers to trade, salons and spas, beauty professionals and fine food specialists. For further details and information on Essence of Morocco products, visit www.esofmo.com, Twitter: @EssenceMorocco, Facebook: www.facebook.com/EssenceOfMorocco.
